President's Report

In a year where we have all experienced the ordeal of the worst pandemic in a century, I would like to begin by thanking our dedicated members for their ongoing commitment and enthusiastic representation of their respective sports. We are all acutely aware that COVID-19 has been especially hard for the sporting industry and your hard work, passion and resilience is not only recognised but valued and greatly appreciated.

While 2020 has been a year like no other, Sport SA has stepped up to ensure our members, as well as the broader sporting community, felt supported, informed and connected during these uncertain times. Never before has the importance of a peak industry and advocacy body for sport been so apparent and I am proud that Sport SA has continued to be the beacon for sport in South Australia. This would not have been possible without our CEO Leah Cassidy and the hard-working Sport SA staff and our wonderful volunteers. I would like to take this opportunity to congratulate and thank them all for steering the ship so admirably through the turbulent times recently endured.

The year has not been without highlights and a prime example was the launch of the *Hooked on Sport* podcast in collaboration with Wallace Long of C2M, Breakthrough Mental Health Research Foundation and Ben Hook. The aim of podcast was to provide a virtual environment for the sporting community to feel connected throughout the shutdown and to provide advice on maintaining positive mental health in the absence of participation in sport and connection to sporting clubs and friendship groups.

Clear, timely and accurate communication was critical during the return to sport with directions changing almost daily and I am grateful the Sport SA community Facebook, electronic direct mail and other social media postings were a much-needed and trusted source of information for our industry. Posts were regularly viewed by several thousand people and were shared by many.

Sport SA was also integral in helping a number of members prepare COVID-19 exemption documents and liaising with SAPOL and SA Health to have these approved.

Certainly a measure of our success this year has been a significant turnaround in our financial performance. After two years of deficits totalling more than \$200 000, I am pleased to announce our end of financial year position was a \$20,000 deficit with \$16,000 of this attributed to new accounting rules for leases. This is an enormous reversal of fortune for a small organisation and whilst a proportion of this can be attributed to Federal Government COVID-19 stimulus funding, the largest portion is through fiscal responsibility in a reduction in Registered Training Organisation expenses, including salary expenses, and in reduced spending across the organisation.

Another important measure of success is our member numbers. Pleasingly, we retained the majority of our 142 2018/19 members and our membership grew this year to 172. We welcome our newest members and equally, thank our ongoing members for their support and commitment to working collectively for the benefit of the industry as a whole.

Advocacy remains vital during COVID-19 and Sport SA has been on the front foot this year fighting for increased stimulus support to the sector through the State Government's Jobs and Community Fund and Small Business grants. Multiple meetings have been held with the Treasurer, the Hon. Rob Lucas, and his staff to achieve the best possible result for the industry. Sport SA also successfully lobbied Sport Minister, the Hon. Corey Wingard, to ensure delayed SRDIP grant funding announcements were finally released in May – two months later than usual.

Countless meetings have also been held with Minister Wingard in 2020 to ensure he is informed about the industry's needs and priorities. I am disappointed to say that following these meetings and our protestations, there is still no commitment to release findings of the 2019 Grants Review, which concluded in December 2019 and was due to be announced in March 2020. Given this has been the most uncertain time our industry has ever experienced, the unwillingness of the State Government to

release the findings of the review has certainly caused further uncertainty and we are highly frustrated with this outcome.

While the uncertainty of the pandemic has impacted us all individually and collectively, the Sport SA Board has remained stable and strong throughout the year. I would like to take this opportunity to thank all Board members for their wisdom, knowledge and tireless support for the organisation this year.

The value of having a strong advocate for the industry is immeasurable and the many other services, including the State Sports Dispute Centre, phone and email advice line, Industry Skills Training Centre and corporate partner discounts have really grown over the past year.

We look forward to continuing the positive renewal of the organisation with the help of our valued members. I encourage affiliates and clubs to become Sport SA members for the many benefits this brings to our industry.

Chief Executive Officer's Report

Notwithstanding the Covid impact on sport throughout this past year, 2019-20 has been a very busy and productive time representing our members through our strategic priorities. Achievements are outlined in the following pages under each strategic plan pillar.

Highlights have included celebrating the tenth anniversary of the Sport SA Hall of Fame with seven new inductees. Working collaboratively with SANFL, Netball SA, SACA, Basketball SA and Tennis SA to support bushfire impacted sporting clubs. This included coordination and management of donations to impacted clubs on Kangaroo Island with a full container of donated goods being delivered.

Welcoming new partners was another key highlight. Partners who have provided discounted products and services to our members; including rebel sport, Bunnings Trade, Solar Storage Australia and Heart180. These new partners join our growing list who collectively provide thousands of dollars in savings and benefits to Sport SA members.

Advocacy remains our priority and numerous meetings have been held throughout the year with Minister Wingard, Treasurer Rob Lucas and Health Minister Stephen Wade to ensure our member's voices were heard and to ensure government was held to account on decisions that impact the industry. An example of this was lobbying the Treasurer and Minister Wingard to release the SRDIP grant funding announcements that had been delayed causing enormous uncertainty for members.

Our advocacy has also extended to the national level with fortnightly meetings as part of Community Sport Australia (CSA) with Sport Australia (including with former CEO Kate Anderson and interim CEO Rob Dalton) with the aim of ensuring community sport was fully represented in national decision making.

Our podcast series, *Hooked on Sport*, in collaboration with Ben Hook, Wallace Long and the Breakthrough Mental Health Research Foundation proved enormously popular and informative during the Covid 'hibernation' and return to sport. Over 7000 listeners have tuned into the podcast over the journey with over 45 guests including many of our member CEO's and President's and sporting greats the like of Bruce McAvaney.

As the impact of Covid continues to be felt through our industry, Sport SA will continue to be here to support our members and to ensure we are advocating at all levels of government to ease the burden of the impact.

I would like to finish by thanking our members for their ongoing faith in Sport SA as their industry leader, evidence in this has been in our growth over the year to 172 members. I would also like to thank our many partners, both new and existing. Without them we could not offer the services that we do. Finally, thank you to the Sport SA staff and volunteers and the Board for their support and backing over what has been a very unexpected and unprecedented year for us all. Their professionalism, drive, willingness to adapt and unwavering support has made this somewhat difficult year much easier.

2019-2020 Strategic Plan Achievements

STRATEGIC PLAN PILLAR – 1. Advocacy and Support

Advocacy and support remains at the core of our purpose at Sport SA and this year we continued to work productively with government to ensure the voice of the industry was heard and that government was held to account on decisions that impacted the industry. Whilst our advocacy for a Commonwealth Games bid did not result in the outcome we had hoped for, this did provide an important platform to discuss with government (and the public more broadly) the legacy that a Games would bring to our state. Not just in upgraded infrastructure but importantly in a generation of children being exposed to an international level competition right on their doorstep. An opportunity to inspire them to strive to do more. Additional advocacy and support activities have included -

- Collaboration with SANFL, Netball SA, SACA, Basketball SA and Tennis SA for support of bushfire impacted sporting clubs.
- Coordination and management of donations to Kangaroo Island impacted clubs with a full container of donated goods being shipped to KI.
- Representation on the ORSR Grants Directions Committee, advocating for a renewed grant funding model that provided for a more transparent, fair and whole of industry benefit.
- Multiple meetings with the Treasurer to advocate for increased funding to the sector and support through Covid stimulus packages.
- Multiple meetings with Minister Wingard to ensure industry voice and concerns are being heard – including successfully lobbying for the delayed release of the SRDIP grant funding and ongoing lobbying to release the results of the 2019 grants review (completed in 2019).
- Meeting with Minister Wade to advocate for funding to support Mental Health in Sport project work.
- Consultation with members around joint submission to the Community and Jobs fund.
- Fortnightly meetings with Community Sport Australia and Sport Australia to advocate for the value of sport at the national level.
- Successful liaison with SAPOL on behalf of members for exemptions from Covid Directions.
- Daily phone and email support to members through Covid shutdown and reboot.
- Development and implementation of *Hooked on Sport* podcast series and webinars to support industry through shutdown and reboot from Covid.

STRATEGIC PLAN PILLAR – 2. Connection

Building and maintaining connection has been a deliberate and strategic direction for us to ensure we are acting on behalf of the industry as a whole. Our CEO Roundtables, including exploring training needs of the industry and an industry update from Minister Wingard, again proved popular. These events also act as an opportunity for colleagues to connect and network with each other.

Our Mental Health in Sport forum, presented in collaboration with the SA Commissioner for Mental Health, also proved very popular with over 200 participants from over 45 different sporting codes attending the event.

Importantly, the *Hooked on Sport* podcasts (which were aimed at ensuring the sporting industry still felt connected during Covid lockdown) provided a platform for important collaboration and sharing of experiences during the Covid lockdown. Coming out of lockdown, *Hooked on Sport* also became a really valuable tool for connection with and understanding of the Return to Sport Directives, which at times seemed like they were changing on a daily basis. In addition to these the following connection and networking achievements also occurred -

- Child Safety Legislation Changes forums x 2
- Australian Sports Professionals Association (ASPA) events x 3
- Shunt Social Media forum
- Hooked on Sport Webinar
- RAP Information session
- Risk Management Essentials (RME) workshops
- Women in Sport Mentoring and Networking events
- Visit to Tatiara Masters Games sites
- Visit to Copper Coast Masters Games sites
- Sport SA EDM and social media (aimed at connecting members and the industry to important messages and events) achieved the following reach
 - ► 239,000 + views on the Sport SA website (since the launch of the new website in June 2019)
 - ► 2400 + South Australian Sporting Clubs via email
 - ► 2500 + subscribers to the Sport SA e-newsletters
 - ► 1990 + Facebook followers
 - ► 750 + Instagram followers
 - ► 620 + Twitter followers
 - ► Facebook averaging a reach of over 11,000 and over 3,000 engagements per month

STRATEGIC PLAN PILLAR – 3. Tools and Resources

Pivoting from a Registered Training Organisation (RTO) to an industry needs training organisation consumed significant amount of time and resources throughout 2019-2020. This important shift resulted in a contractual agreement with the Office for Recreation, Sport and Racing (following over 12 months of negotiation) to deliver four training courses: (1) *Essentials for Coaching Children*, (2) *Child Safe Officer*, (3) *Complaint Handling* and (4) *Member Protection Information Officer*. After finalising a handover of documents from ORSR in March, the Covid lock down saw us shift quickly to delivery of the above training to an online platform with a number of courses already delivered between March and 30 June. In addition to this, the following achievements have been made:

- Bunnings partnership signed, delivering a Powerpass ‘trade discount’ card to all Sport SA members
- Rebel partnership signed providing a member discounts and rewards program for members
- Solar Storage Australia partnership signed providing discounted solar panel installations for Sport SA members
- New reconciliation knowledge centre on website
- New resources tab launched on website
- New Covid19 resource tab added to website
- Promotion of job opportunities Return to sport vacancies uploaded and promoted

STRATEGIC PLAN FOCUS AREAS – 4. Reward & Recognition

The celebration of the tenth anniversary of the South Australian Sport Hall of Fame was a highlight of the year with 470 people attending the event at Adelaide Oval in November. The night culminated in the presentation of the Hall of Fame trophies to our very worthy inductees but equally worthy were our Sport SA award recipients. This year saw a record number of nominations for the Sport SA awards, testament to their popularity and to the prestige with which they are viewed by the industry. A special thanks to our sponsors and partners, including the Government of South Australia, who made the night possible with their generous donations. A summary of our reward and recognition events included:

- Members and Partners Breakfast with over 250 attendees and special guest speaker Anna Meares OAM
- \$1,700 raised for Special Olympics at the breakfast
- Annual Sport Awards with 470 attendees
- New Active Inclusion and Reconciliation Awards added to the Sport SA Awards

South Australian Masters Games 2020

The SA Masters Games is a significant Sport SA event that has many well recognized and significant benefits for sport and for communities. Following a very strong bid, the Tatiara region, centered around the town of Keith in the states southeast, won the right to host the 2020 Games.

The Tatiara Games was due to be held in April 2020. The Tatiara Games Committee and management team had done a superb job, with planning and preparations well advanced for a sporting event that would embrace the whole region.

Unfortunately, due to the COVID pandemic and the associated travel restrictions as well as the potential health risks for participants, the Tatiara Committee took the decision to cancel the Games.

This means that there will be no SA Masters Games held in 2020, the first year since its inception in 1996.

Following a bidding process, the Copper Coast Council, based in Kadina, was successful in winning the right to host the 2021 SA Masters Games. Copper Coast established a Games Management Committee and worked with other towns in their region to submit an impressive games bid which will see a 26 sport program in three main hubs in the council region.

2019 Awards Sponsors

The partners displayed below all contributed to the 2019 South Australian Sport Awards and Hall of Fame as either an event partner, product supplier or sponsor of an award.

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 30 June 2020

NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

- a. This financial report is a special purpose financial report prepared in order to satisfy the financial reporting requirements of the Associations Incorporation Act and the members of the Incorporated Association. The Management Committee has determined that the Incorporated Entity is not a reporting entity.

The financial report has been prepared in accordance with the requirements of the following Australian Accounting Standards:

AASB 1016: Leases

AASB 1031: Materiality

AASB 110: Events after the Balance Sheet Date

No other Australian Accounting Standards, Urgent Issues Group Consensus Views or other authoritative pronouncements of the Australian Accounting Standards Board have been applied.

The financial report is prepared on an accruals basis and is based on historic costs and does not take into account changing money values or, except where specifically stated, current valuations of non-current assets.

The following specific accounting policies, which are consistent with the previous period unless otherwise stated, have been adopted in the preparation of this report:

A. Property, Plant and Equipment

Property, plant and equipment are carried at cost, independent or directors' valuation. All assets, excluding freehold land and buildings, are depreciated over their useful lives to the company.

B. Inventories

Inventories are measured at the lower of cost and net realisable value. Costs are assigned on a first-in first-out basis and include direct materials, direct labour and an appropriate proportion of variable and fixed overhead expenses.

C. Leases

The 30 June 2020 financial position of the Incorporated Association was affected by the entity's adoption of the new leasing accounting standard AASB 16 Leases.

On adoption of AASB 16 the Incorporated Association recognised Lease Liabilities in relation to leases which had previously been classified as 'operating leases' under the principles of AASB 17 Leases. These liabilities were measured at the present value of the remaining lease payments discounted using the incremental borrowing rate as at 1 Jul 2019 of 1.42%.

The change in accounting policy effected the following items on the balance sheet:

Right of Use Assets	- increased by	\$174,003.17
Lease Liabilities	- increased by	\$155,326.53

The change in accounting policy effected the following items on the Income Statement:

Depreciation - Leases	- increased by	\$35,683.12
Interest - Leases	- increased by	\$ 2,481.27
Lease – Equipment Expense	- decrease by	\$ 699.29
Lease and Offsite Storage	- increase by	\$12,690.37

(Prepaid/Accrued Lease Payments adoption adjustments)
